**RANDOLPH-BROOKS FEDERAL CREDIT UNION BREAKS
GROUND ON SECOND ADMINISTRATIVE SERVICE CENTER**
Credit Union Plans Continued Expansion throughout South Central Texas

LIVE OAK, Texas – Randolph-Brooks Federal Credit Union broke ground today on an addition to its administrative service center campus in Live Oak, Texas.

The building, informally known as the ASC II, will be located on the RBFCU campus west of the current administrative headquarters. The 137,000 square foot building will provide additional space for member services, including an expanded real estate center and an auditorium for financial education.

According to credit union officials, this expansion is needed because of tremendous membership growth in the past several years. The addition of the new building will facilitate continuing member growth for the credit union. “With these new facilities, we are adding the resources needed to continue serving our members well, especially in light of our ongoing growth and the increasing number of people turning to credit unions for their financial needs,” said Randy M. Smith, president and CEO of RBFCU.

This expansion is coupled with RBFCU’s continuing growth in other parts of the South Central Texas community as well. The credit union has purchased a location in northwest Austin as a place to centralize its Austin operations, has a branch under construction at Loop 1604 and Bitters in San Antonio and has secured land for a new branch in the Round Rock area.

Koontz McCombs has been selected as the general contractor for the ASC II project. The building is expected to be completed in early 2012.

About Randolph-Brooks Federal Credit Union
